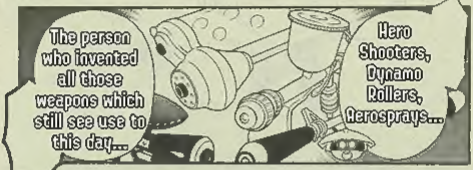
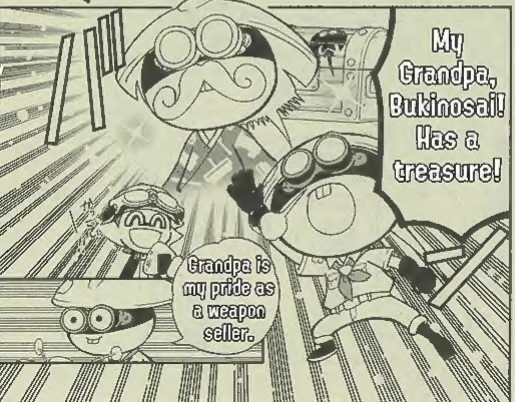
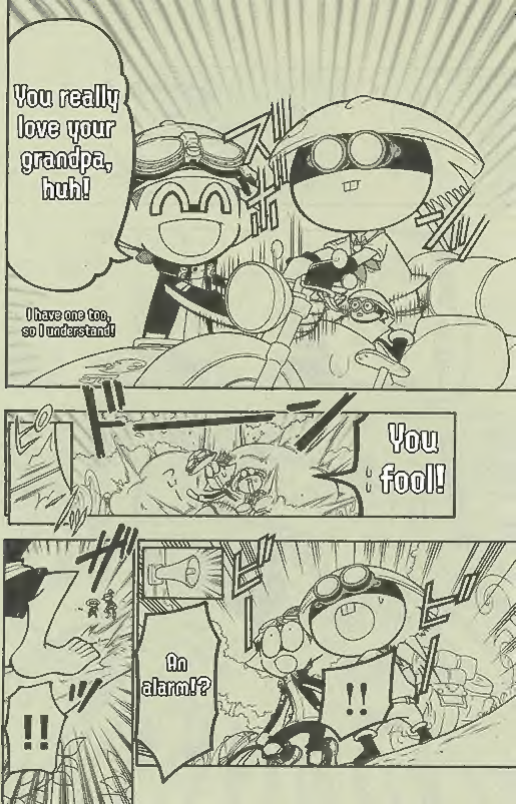
Mt. Nantai ⟵ Treasure?
Mt. Nantai is the place where turf wars originated, there's no doubt.
According to Grandpa's memo, "Weapons rest on the mountain's peak".
Inkopolis Square



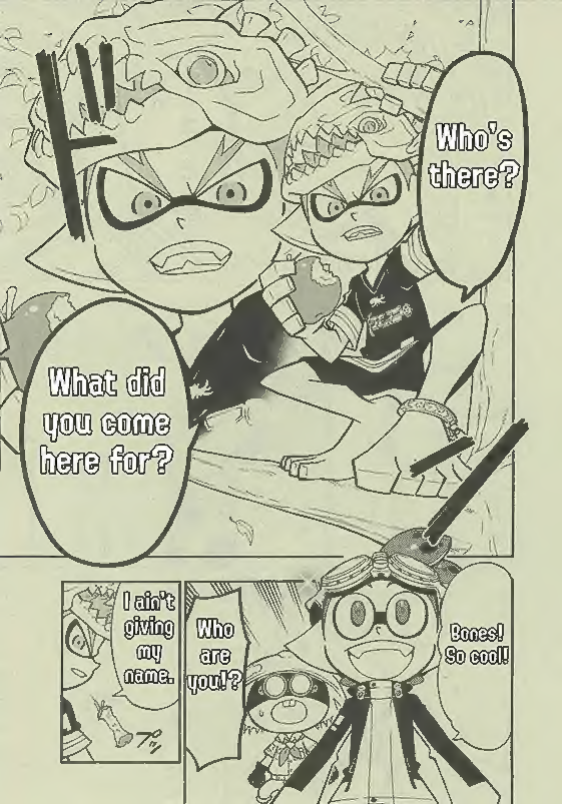
The person who invented all those weapons which still see use to this day...
Hero Shooters, Dynamo Rollers, Herosprays...



My Grandpa, Bukinosai! Has a treasure!
Grandpa is my pride as a weapon seller.

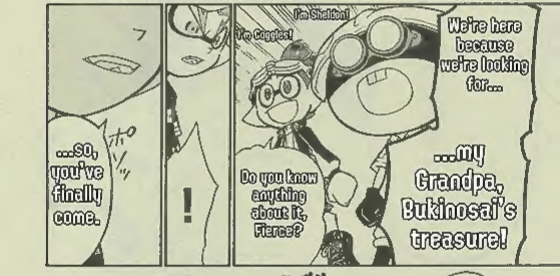


You really love your grandpa, huh!
I have one too, so I understand!
You fool!
An alarm!?
!!
!!



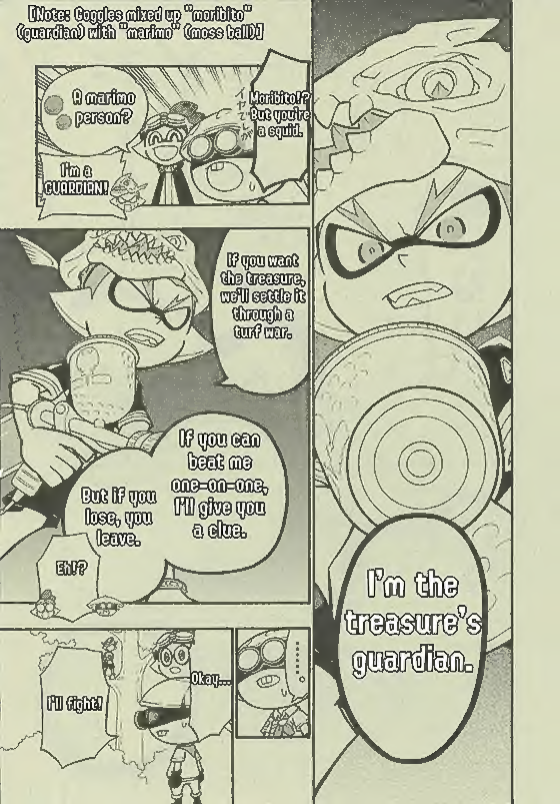
Who's there?
What did you come here for?
I ain't giving my name.
Who are you!?
Bones! So cool!

He gave us his name!
IT'S FIERCE!
Then you can be Nameless!
Fierce-kun



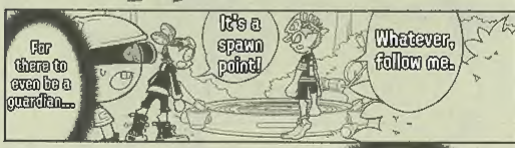
...so, you've finally come.
!
I'm Shelton!
I'm Coggles!
Do you know anything about it, Fierce?
We're here because we're looking for...
...my Grandpa, Bukinosai's treasure!

WAH!
Really!?
Yeah, I know about it.

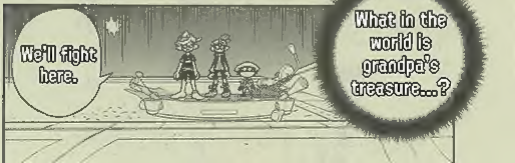


[Note: Goggles mixed up "moribito" (guardian) with "marimo" (moss ball).]
A marimo person?
I'm a GUARDIAN!
Moribito!? But you're a squid.
I'm the treasure's guardian.
If you want the treasure, we'll settle it through a turf war.
If you can beat me one-on-one, I'll give you a clue.
But if you lose, you leave.
Eh!?
I'll fight!
Okay...
.....

Alright!
So you're not gonna!?
Or Goggles here will!
Since I'm a weapon seller.
YOU'RE TAKING THIS TOO LIGHTLY!



For there to even be a guardian....
It's a spawn point!
Whatever, follow me.



We'll fight here.
What in the world is grandpa's treasure....?

Shifty Station
Cannon Fire Pearl
It's a stage!
It's a shifty station!
It's a cannon~
You're just saying it outright!
I happened to find it on the mountain. So I'm using it as I please.
You sure are carefree!
Why do you have a transfer device!?
The creator
It's a stage that was built for a splatfest.
ビーム

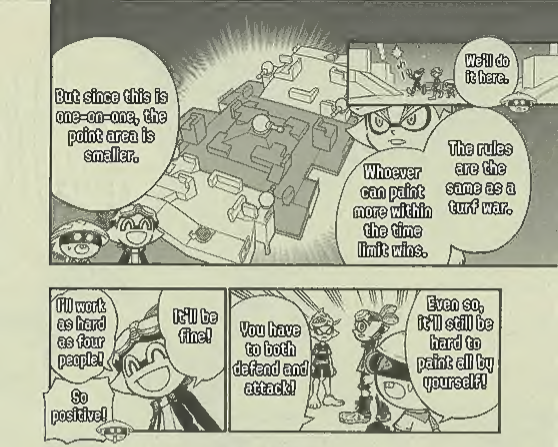
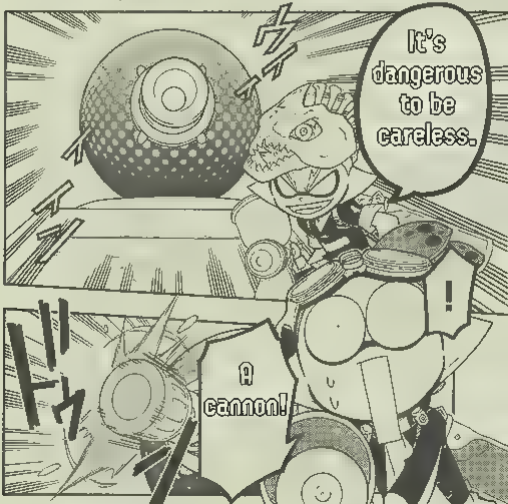
スプラトゥーン大すき!!
アーブルくん
かさいはん
かすざけ
©コロコロイチバン!



But since this is one-on-one, the point area is smaller.
We'll do it here.
The rules are the same as a turf war.
Whoever can paint more within the time limit wins.
I'll work as hard as four people!
It'll be fine!
So positive!
You have to both defend and attack!
Even so, it'll still be hard to paint all by yourself!
I'm counting on you!
Goggles...
your Grandpa's treasure!
Plus, I want to see...

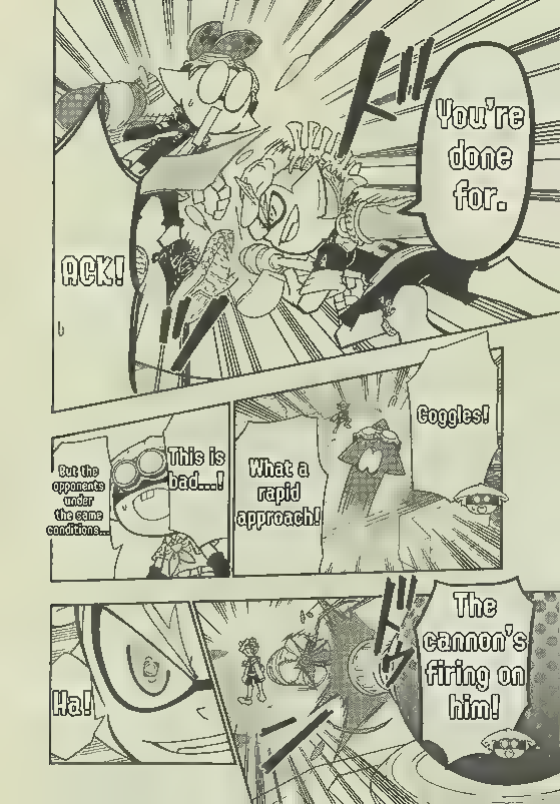
You sure are high-spirited.
I'm taking that clue!
Ready...
Special match: Dukinosai's treasure battle
Fierce
vs
Goggles
GO!

ドドド
Nice pace!
ドドドドドド
Anyways, to the center!
Out of brick, I guess
I said "Let's go" but I'm all alone!
!



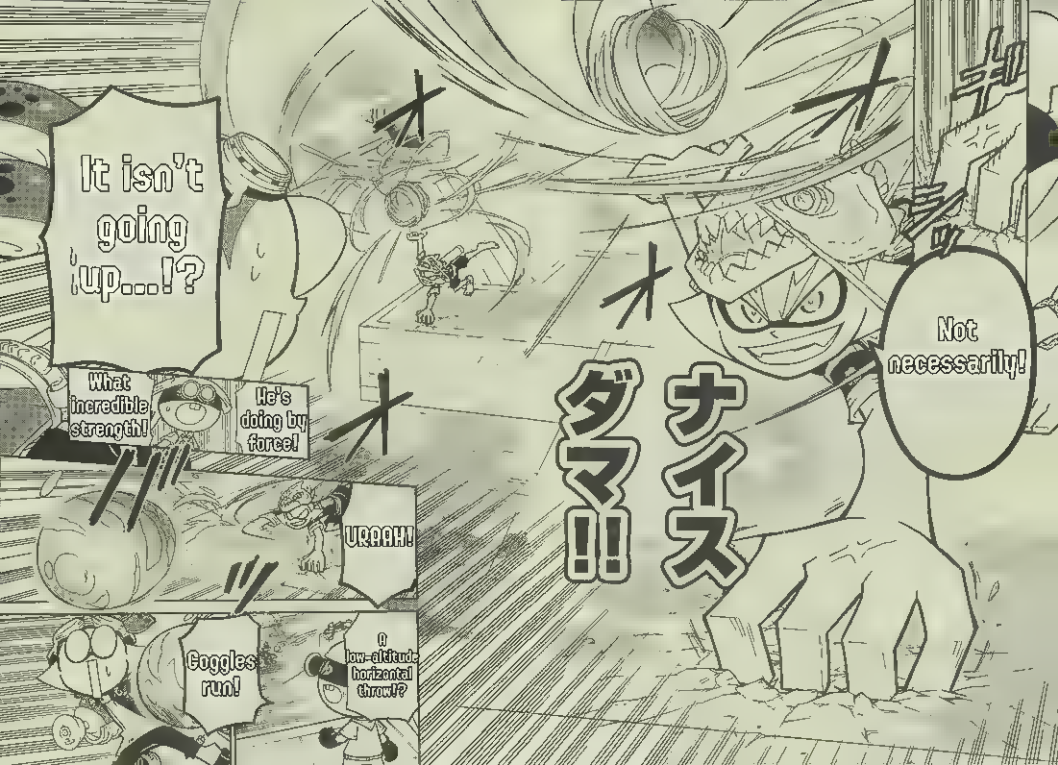
It's dangerous to be careless.
!
A cannon!
ドゥ

WAAAAH!!
I made the cannons shoot at random.
And increased the amount.
WA!
If you're too focused on the cannons...



You're done for.
KII
ACK!
Goggles!
What a rapid approach!
This is bad....!
But the opponents under the same conditions...
The cannon's firing on him!
ドゥ
Ha!

He...
He dodged all of them...!
What amazing physical ability!
Not yet...!
You're aggressive, huh!
スペシャルウェポン
!
Goggles, that weapon's special is the Booyah Bomb!
It'll come at you from above!
Got it!



ナイスダマ!!
Not necessarily!
It isn't going up...!?
What incredible strength!
He's doing by force!
URRAH!
Goggles run!
A low-altitude horizontal throw!?

WAH!
So only fishbones count!?
Hmph! What a boneless guy.
Goggles!
This is the best he can do alone!
Oi oi,
Don't tell me that you can't manage it on your own?

You'll never be suited for the treasure with such a weak spirit!
He's painting at a crazy pace!
There's no time...!

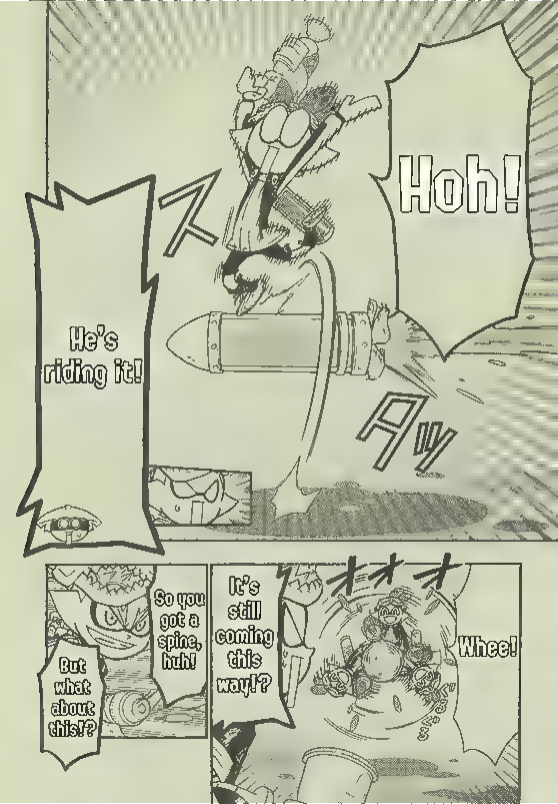
We'll lose at this rate!
Goggles...!
I can manage by myself!
Hah! A desperation move?
You can't win just through force!

One guy moves as four!
It's like he's splitting himself through force!
And there are five!
Here I go!
Quit with all the bone talk!
Squids don't even have them!
you do have a backbone after all!
S-So

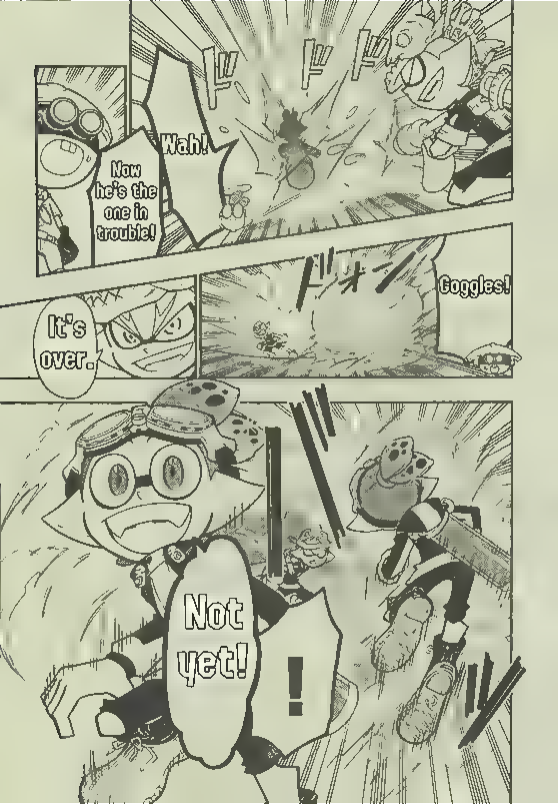
I won't lose!
Nice!
He's bringing it now!
It's chaos!
Not yet....!
Uwoooh, nice!
This is....!

I still can't tell who's winning!
That's right.
You don't know yet.
!!

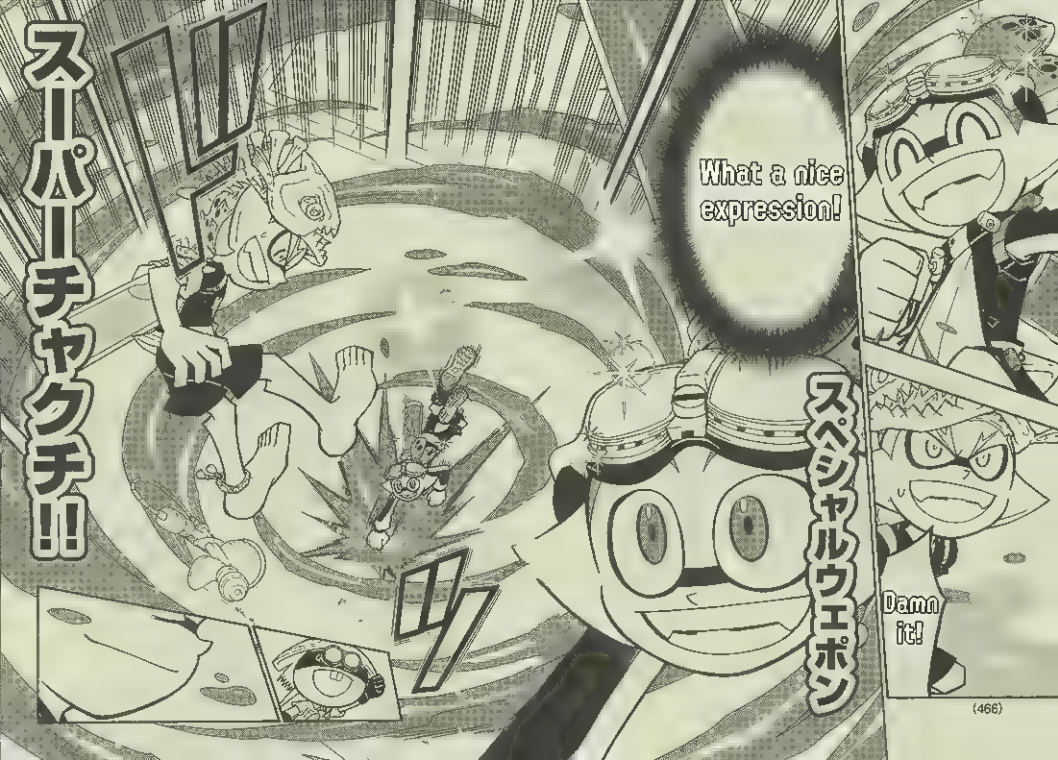
I set it so that a huge amount will fire 30 seconds before the match end.
The cannons!
It's the final challenge.
Alright!
but can you?
I can dodge them.
Watch out!
Goggles!



Hoh!
He's riding it!
Ay
Whee!
It's still coming this way!?
So you got a spine, huh!
But what about this!?



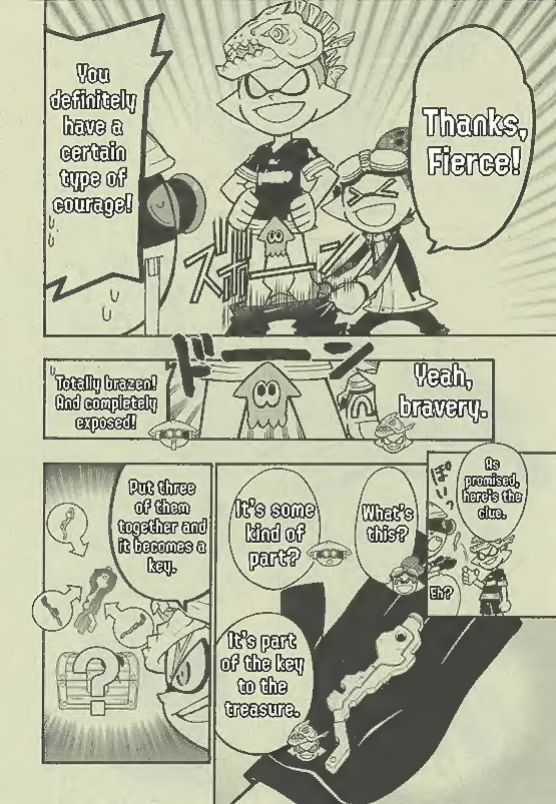
Now he's the one in trouble!
Wah!
Goggles!
It's over.
Not yet!



スーパーチャクチ!!
スペシャルウエポン
What a nice expression!
Damn it!

Match over!
Goggles wins!
Alright!
Fear!
Oi, Goggles and Sheldon..
It's Fierce..
That was amazing!

Even in a hopeless battle and in a storm of cannons, you faced it head-on.
During the battle, I was testing whether you guys were worthy of the treasure.
And you guys passed.
I was testing your courage.



You definitely have a certain type of courage!
Thanks, Fierce!
Totally brazen! And completely exposed!
Yeah, bravery.
Put three of them together and it becomes a key.
It's some kind of part?
What's this?
As promised, here's the clue.
Eh?
It's part of the key to the treasure.

You'll have to fight two more.
Then...
Three!?
That's right.
The guardians will test you.
プルルルル
I'll contact the next guardian.
By phone!? How modern!
You're taking this lightly!
Alright, I don't really get it but let's get tested!
プルルルル
Hello?

The intruders, right?
Yeah, I'm already here.
I wonder what I should do with them.
I wonder what they'll do with us!
What kind of response was that!?
Who the heck are you?
